

Yanko Rashkov

Python developer, Hull Design Engineer /
Naval architect

Newbie in programming, but with a big passion and willingness to learn Python and to use it to develop new technologies. Have a good basis from SoftUni in programming with Python. I want to be a part of this impressive and dynamic industry. Currently, I'm working as Hull Designer.

EDUCATION

Python Full Stack Developer Software University

05/2022 - Present

Sofia - Remote

Courses

- Python: Basics, Fundamentals, Advanced, OOP, Web Basic, Web Frameworks.
- Containers and Cloud, Software Engineering and DevOps, HTML & CSS.

Achievements/Tasks
